A. Declared forcing
External demand
Directional conflict
Signal
Time (dimensionless)
B. Resource response
Aligned
Opposed
No-pulse control
Resource reserve r
Time (dimensionless)
C. Directional contrast
Opposed minus aligned
$r_{\mathrm{opp}} - r_{\mathrm{aligned}}$
Time (dimensionless)
D. Experienced load
Full model
External path off
Upstream filtering
Experienced load w_2
Time (dimensionless)
E. Controlled core/full responses
Full, fixed target
Core, fixed target
Demand contrast δr
Time (dimensionless)
F. Permeability adjustment
State c
Target c_{tar}
Frozen core value
Permeability c
Time (dimensionless)
